Hi There!

Yaye Plumbers is a multidisciplinary construction and maintenance company based in KwaMashu, Durban, offering over 10 years of hands-on industry experience. As a registered 3GB, 3CE and CIDB 1SO graded service provider, we have built a reputation for delivering reliable, high-quality plumbing, building, electrical, and civil works across KwaZulu-Natal and South Africa at large.

Our team consists of skilled tradespeople and project managers committed to excellence, transformation, and client satisfaction. We work with residential, commercial, and government clients providing tailor-made solutions that meet compliance, timelines, and budget requirements.

Whether it's fixing a burst pipe or executing a complete infrastructure development, Yaye Plumbers is your dependable partner for professional, certified service delivery.

About Company

Yaye Plumbers, a division of **Yaye Trading (Pty) Ltd** (Reg. No. 2013/125875/07), is a KwaMashu-based construction and maintenance company with over **10 years of industry experience**. We are proudly registered with the **Construction Industry Development Board (CIDB)** under **Grade 3GB (General Building)** and **3CE (Civil Engineering)**.

Operating across KwaZulu-Natal and beyond, we specialize in delivering infrastructure, maintenance, and renovation services to both public and private clients. Our company is built on a foundation of skilled trades, transparent processes, and a deep commitment to community development.

Our services span a wide range of technical trades including plumbing, electrical works, building, roofing, and more enabling us to offer full-spectrum property and infrastructure solutions under one roof.

Ceo Message

At Yaye Plumbers, we believe that true service is about solving problems with integrity, efficiency, and accountability. From our humble beginnings in KwaMashu to working on large-scale projects, our focus has always been on building trust not just structures.

As a black-owned and locally-rooted company, we are passionate about transformation, skills development, and inclusive growth. We want to be known not only for what we build, but how we build it with discipline, fairness, and purpose.

Together with our clients, partners, and team, we are shaping a better tomorrow. Thank you for trusting us with your infrastructure needs.

– Mbongeni Hadebe, CEO

How We Work

Every project begins with a clear plan. We start by engaging our clients to fully understand their needs and expectations. This is followed by a site inspection, accurate cost estimation, and a timeline that respects both urgency and quality.

Once the project kicks off, our experienced team manages every stage with hands-on attention, using certified materials and techniques that meet or exceed South African building standards. Communication is consistent — we believe in keeping clients informed and involved.

We don't stop once the job is done. We follow up to ensure satisfaction, offer maintenance support, and stand behind the durability of our work. At Yaye Plumbers, every job is an opportunity to prove our commitment to excellence.
